CITY COUNCIL MEETING.

Mayor's Statement of the Condition of the City's Finances - Money to be Borrowed-A Block of Macadam at Hardin College, Etc.

The City Council met in adjourned session Wednesday night to receive the report of the Mayor on the financial condition of the city and to pass upon the semi-annual statement of the receipts and expenditures; also to make financial provision to meet the current expenses of the city.

Mayor Johnson and all the members were present except Mr. Settle

from the Third Ward. City Clerk Gill read the following report of the Mayor, which was, upon motion, received, adopted and ordered filed:

To the Honorable Council of the City of Mexico:

GENTLEMEN-In accordance with the ordinances of the city it becomes my duty, at the commencement of a new fiscal year, to make a statement. in open session, at the first meeting of the Council in the new year in regard to the financial condition of the city; also to make a report of anticipated amount of money required to carry on the city government for the ensuing year, just entered upon, which, of course, embraces only the obligations and demands which cannot be set aside and which must, of necessity, be met.

It is my duty likewise to make an approximate estimate of the receipts which will come into the city treasury from all sources during the year and up to the time of July, 1897.

The excess of said receipts over and above the amount needed for unavoidable expenses will show the limit of available funds for other punposes.
